PCL-500

WATERING HANDLE

THE MOST RELIABLE E

The flexible PCL-500 ,
allows ...
watering of sidewalks,
thanks to the extendable
handle and revolving
nozzle bypassing
obstacles such as public
benches, trash cans
etc ...

The powerfull PCL-500,
allows ...
cleaning the streets with
the water flow controlled
by the directional nozzle.

The fickle PCL-500,
enables ...
the application of
chemical products on
trees, flowers and lawns.

PCL-500

EQUIPMENT YOU CAN BUY

The safe PCL-500,
allows ...
spraying efficiently and
safely the flowers in
hanging baskets on
lampposts.

Thanks to the PCL-500,
you may water your trees,
sprinkle your floral arrange-
ments, look after your
lawns and even more,
take care of exterior
skating rings in winter.

Entirely hydraulic
components

PCL-500
